

*You may have left our world, but your light
remains in our hearts.*

In deep sadness and great respect we salute you

Christian Zahnd

7. 10. 1975 – 8. 11. 2017

Many years ago we started a company together with the mission to develop medicines for patients in need. Your clear vision always stood out and you gave us direction and shelter for many years. When challenged by the most serious illness, you kept true to yourself with sheer unbreakable courage and dignity. You will remain a source of inspiration and strength to all of us to continue the pursuit of our shared mission.

In deep friendship
