

*We love you to the moon and back forever – Caroline, Emilie, and Megan*

# **PD Dr. med. Urs Schwarz**

July 21, 1956 – June 2, 2021

After a valiant battle of more than three years, Urs Schwarz passed away on Wednesday, June 2, 2021, in Zürich. He leaves his beloved wife of 31 years, Caroline, and two adored daughters, Emilie Caroline and Megan Catherine.

Urs's two greatest passions, to which he devoted his life, were his family and his work as a neurologist. He will be remembered for his unique personality; extraordinary brain power and skills; incredible, sometimes outrageous, sense of humor; and his kindness, generosity, and compassion. He will live on in the hearts, minds, and wonderful memories of his family and friends and the many lives he touched.

In deep sorrow and so much love
