Dear Dad, Grandad and Chrigel – we all miss you so much already and are struggling to come to terms with the fact that you left us so soon after Mom passed. We can only hope that you can rest now, in peace and harmony. You will be in our thoughts every single day. In a few months time, we will gather together in the Justistal, with your many friends and family, so that we can celebrate your life (and Moms) and share lots of wonderful memories and stories. We hope you will be there looking over us and that you will see how many people cared so deeply about you.

Lots of love and a huge hug from Gary, Laura, Reece, Amy, Yvonne, Yakira, Hansueli, Margrit and your friends from all over the world.
